

We Pledge: No Attack on Iran!

Bush and Cheney are committing war crimes in Iraq.

We refuse to be silent.
Bush and Cheney are readying another war on Iran,

We refuse to be complicit.

We declare now:

We will do everything possible to stop a war on Iran.

We pledge to bring business as usual to a halt if the US bombs Iran.

We will draw forward many others to act.

We pledge our resistance *now* because the world cannot wait.

Iraq – Get Out!
Iran – Stay Out!
Bush and Cheney – Drive Out!

You've taken the pledge...now:

This is the time to stop accepting what we are told: that nothing we do will make a difference in ending the global disaster represented by the Bush regime.

Bush & Cheney can be driven from office by a movement independent of "politics as usual". 14 months is too long, and waiting to vote in 2008 is too late!

Challenge the people you know to raise their voices and act. Ask 3 people to Declare it Now by wearing orange (ribbons, buttons, bandanas, shirts) to make this determination visible. Ask each of them to talk to 3 more people, and check back with them in 3 days.
